Glamour Portraits

Glamour Session (one outfit) and One 5x7.....\$150.00

Our glamour portraits are **tastefully** designed to let "their" imagination wander. We can create the level of portrait that **YOU** are the most comfortable with. Most women are self-conscious of their "looks". We can help you "overcome" those feelings. We have MANY years' experience of "hiding", correcting or even "photo shopping" out those problem areas. Do you actually think that every woman that comes in for this type of "pampering" is "perfect"? She becomes "perfect" when we are "finished". We do not "over retouch" the image you select, we only "give mother nature" a little boost, or a prod or sometimes a kick in the butt. You will be photographed by Kris, the owner of Studio One Designer Photography. She **KNOWS** what women want...she **KNOWS** what men like... You can be as "daring" or as conservative as you wish ... The choice is yours. We recommend a consultation with Kris to make sure that you receive all of the looks that YOU want. She has **MANY** different ideas to offer, some that you may like, and some that are out of your "comfort zone". The choice is yours. **This offer available all year round and only available during weekdays.**

Saturday sessions available with an additional charge and also available for men!

Fond du Lac Humane Society Benefit.....\$50 per each house pet

With your donation of \$50 (your session fee made directly out to the Humane Society at the time of your pet's session) you will receive a beautiful image of your pet! You will receive either a 4x6 "hard copy" image or a low res image for display on Facebook with our watermark. **All sessions are In Studio Sessions and for individual house pets. You may have multiple house pets photographed together or individually at \$50 per each pet. This is a fund raiser for the Humane Society. Additional portraits are available at reduced prices.**

This offer only available during weekdays and ONLY during January, February & March.

Intimate Pregnancy Portrait Collage.....\$400.00

One of the most important times of your life, the creation of a new life, should be captured tastefully with your spouse by Studio One. This unique time in your life can be captured with intimate portraits of just you; or you can include your spouse and/or your small children in a few. We specifically create the type of portraits you want. If you have ideas, please bring them along! Your finished portraits can be either in Color, Black & White or a combination. This option is up to you. The collage may include any combination of images created from the shown preview booklet. We will create a sample image of the collage, and you may change "alike images" for facial expressions. All of the images you select will be retouched. **Price includes a two outfit session, 12-4x5's* and 1-8x10* with an outside dimension of 16x20 portrait size, along with a black 16x20 frame complimenting your B&W or Color portrait. *Approximate sizes.** Your portrait also has our contemporary, heavy textured, lacquered finish applied so no glass is needed when we professionally frame it.
